AREA DENTAL OFFICES ANNOUNCE MERGE

Long-time Matteson area dentist, Dr. Harold K. Shinsky, has announced the merging of his practice and his office with Olympia Fields Dental Associates (OFDA), located at 2555 Lincoln Highway. Separated by less than two miles of physical distance, these two offices share one common vision, excellent and comprehensive family, cosmetic, and implant dental care. “Nothing great was ever achieved without enthusiasm,” once spoke the great poet, Ralph Waldo Emerson, said Dr. Roshan Parikh, managing dentist of Olympia Fields Dental Associates. “Dr. Shinsky’s dental office has been a part of the Matteson community for over 25 years and it is with great enthusiasm that we announce his decision to merge and move his practice in with OFDA.

“With 3 general dentists on staff along with our board-certified periodontist and three dental hygienists, there aren’t many things we refer out of our office, which makes it a very convenient place for comprehensive patient care,” says Dr. Roshan. During these difficult economic times, it also helps that Olympia Fields Dental Associates accepts most major dental insurance plans.”

Dr. Shinsky said “I am excited about being part of a great dental group and I know my patients and the south suburban community can put their trust in the hands of the team at Olympia Fields Dental Associates.”

Olympia Fields Dental Associates is currently accepting new smiles (a.k.a. patients). Check them out online at www.ofsmiles.com. They are open 6 days a week with morning, evening, and Saturday hours, by appointment only. “As the old cliché goes, ‘You’re never fully dressed without a smile!’”

Olympia Fields Dental Associates currently serve patients from the Southland region, including Matteson, Park Forest, Frankfort, Mokena, Tinley Park and Orland Park, as well as Northwest Indiana.

For further information on Olympia Fields Dental Associates, contact the office at (708) 481-1818.
